Third through fifth grade students will create interactive notebooks in various subjects this year. Students will use notebooks, glue sticks, colored pencils, and highlighters when creating their interactive notebooks. Interactive notebooks increase the comprehension and retention of content area knowledge and keep the students organized.

Students need to have all supplies at school daily. Please write student's name on supplies and check regularly to see if any need to be replaced throughout the year. Thank you!

**If you need assistance,
please contact the office.**
